Class Description

Art Adventures: Explore various mediums including drawing, painting, cooking, sculpting, puppetry, photography, and more in this fun and educational class. (\$15 supply fee)

Art Around the World: Create projects based on art forms or crafts from different cultures. Some of the projects will be inspired by a particular country's geography, history, or culture. (\$15 supply fee)

Creative Movement with Music and Games: Be inspired by engaging activities that use mind and movement together. This class will use music and action games to keep your child active in a fun way.

Drama: Explore the basics of drama as you 'act out' in this class while learning the elements of drama. Express yourself as you increase your self confidence and ability to speak in public.

Dream, Doodle, and Drama: Read, write, and draw then combine these elements to create your own illustrated play while exploring the basics of drama. (\$15 supply fee)

Exploring and Building: Students will design and build a variety of creations using standard and recycled materials such as LEGOs, craft sticks, cardboard, wood plastics, and common household items. They will freely explore the materials and then be challenged to create original artistic structures.

Forks and Fiction: Combine the joy of reading and the fun of cooking as you explore a new book and a new recipe. Learn cooking basics such as how to set a table, kitchen safety, measuring liquid and dry ingredients, different types of cooking, and creating your own cookbook. (\$15 supply fee)

Guitar 1 and 2: Learn to play the guitar on your own level. Students will need their own guitar for this class. Two levels of instruction. (Grades 1-5)

Movement Express: Hop on the *Movement Express* as you combine creativity and movement through dance! With the combination of fun, up to date music and non-stop movement the students are bound to have a great time. On your journey you will learn about many different styles of dance with incorporation of hula-hoops, balls, drum sticks, and more!

Music and Games Experience the joy of music through a variety of simple and fun musical activities. In addition, you will learn creative thinking strategies by participating in a variety of games from around the world and throughout history. Create your own original game to share with others.

Piano 1 and 2: Learn the basics of piano as you develop your piano skills. Two levels of instruction. (\$8.00 piano book) (Grs. 1-5)

Pottery: Learn techniques and ways of using glazes and creative designs to turn clay into pottery. (\$15 supply fee)

STEAM: Immerse yourself in this hands-on Science, Technology, Engineering, Arts, and Mathematics class. Solve problems by designing, creating, building, testing, and collaborating in this fun (and educational) class. **The World of Drawing:** Explore different drawing techniques and mediums. Students will explore still life drawing, landscapes, and illustration. (\$15 supply fee)

Spanish Culture and Art: Learn about Spanish cultural activities and artists. Students will also learn some basic forms of communicating in Spanish. (\$15 supply fee)

Ukulele: Learn the basics of Ukulele. Student will learn notes and fretboard maps as well as chords for popular and commonly played songs.
